

Miguel Ángel Sáez

MÁLAGA, Spain

I am an illustrator specializing in children's books and my work includes illustrations for **Thule Ediciones** (also as an author), **Alaestrella, Tramuntana, Hachette, Benchmark, Amicus Publishing**, etc.

In narrative fiction, I have illustrated books for **Diquesí Ediciones** and **Ediciones Jaguar**. With the latter, I am currently developing the "**Júpiter García**" series alongside writer José Carlos Román.

For years, my main focus was in the field of **education**, where I not only illustrated but also designed and laid out collections for various publishers, including:

Santillana, Oxford University Press, Bruño, SM, Akal, and CLE International.

I have also worked in advertising as a graphic designer for agencies such as **McCann Erickson, NCA y Asociados, and Sprint Final**, all based in Madrid.
